

## CAN YOU HELP MARSDEN COMMUNITY TRUST

### WHAT IS MARSDEN COMMUNITY TRUST [MCT] ?

MCT is a registered charity which exists to benefit the community of Marsden - through arts and culture, wellbeing, heritage and regeneration. We own, operate and take care of Marsden Mechanics. We also support the Christmas Lights Committee, Friends of the Park and other community initiatives such as the Marsden Blueprint and Action Plan.

### BECOME A TRUSTEE

We are actively seeking to recruit new board members for a number of roles. Get in touch for an informal chat to find out more.

### WHAT DOES A TRUSTEE DO?

A trustee is a voluntary role, with legal responsibility for the charity. Our trustees meet four times a year, but are involved in different projects in-between meetings. In line with our charity's constitution our trustees must live or work in Marsden. Different trustees take on different tasks, depending on their expertise and how much time they have to give. A sub-group of our Trustees meet every month, to give extra support to looking after our amazing community building -Marsden Mechanics.

### WHO DO WE NEED HELP FROM?

We have a range of experience on our Board, and we are always interested to hear from people who want to help. In particular we'd love to hear from:

- People with finance skills
- People with marketing skills
- Young people (18-30yrs) - We would love to have some young trustees on our board to help develop our programme and activities for younger audiences

### VOLUNTEER

We're always looking for new volunteers. Roles include;

- Stewarding/Box Office volunteers for live events at Marsden Mechanics
- Marketing
- Sound and lighting technical support
- Audience development

If you have other ideas about how you could share your skills then let us know.
